### Description of municipality

Strathbogie Shire is a rural municipality located approximately two hours from the Melbourne CBD and covers 330,326 hectares. We have diverse and picturesque communities served by townships such as Euroa, Nagambie, Violet Town, Avenel, Longwood, Ruffy and Strathbogie with a population of over 10,000 and growing. The shire has an ageing population with 38% of residents aged 60 years and over. Approximately eight out of ten residents were born in Australia and about 5% of people came from countries where English was not their first language.

The Strathbogie Shire has a rural economic base of wool, grain, sheep and cattle production, extensive vineyards, world class wineries and a wide range of intensive cool climate horticultural enterprises. The region is also known as the Horse Capital of Victoria due to its ever expanding horse industry. Thoroughbred breeding studs are the cornerstone of this important industry, with many prestigious Melbourne Cup winners bred and trained in the shire. Nagambie is also the birthplace of Black Caviar, the world champion horse, and now has a life-size bronze statue sitting pride of place at Jacobson's Outlook.

## Other Information

For the year ended 30 June 2018

### 1. Basis of preparation

Council is required to prepare and include a performance statement within its annual report. The performance statement includes the results of the prescribed sustainable capacity, service performance and financial performance indicators and measures together with a description of the municipal district and an explanation of material variations in the results. This statement has been prepared to meet the requirements of the *Local Government Act 1989* and Local Government (Planning and Reporting) Regulations 2014.

Where applicable the results in the performance statement have been prepared on accounting bases consistent with those reported in the Financial Statements. The other results are based on information drawn from council information systems or from third parties (e.g. Australian Bureau of Statistics).

The performance statement presents the actual results for the current year and for the prescribed financial performance indicators and measures, the results forecast by the council's strategic resource plan. The Local Government (Planning and Reporting) Regulations 2014 requires explanation of any material variations in the results contained in the performance statement. Council has adopted materiality thresholds relevant to each indicator and measure and explanations have not been provided for variations below the materiality thresholds unless the variance is considered to be material because of its nature.

The forecast figures included in the performance statement are those adopted by council in its strategic resource plan on 26 June 2018 and which forms part of the council plan. The strategic resource plan includes estimates based on key assumptions about the future that were relevant at the time of adoption and aimed at achieving sustainability over the long term. Detailed information on the actual financial results is contained in the General Purpose Financial Statements. The strategic resource plan can be obtained by contacting council.

## Certification of the Performance Statement

In my opinion, the accompanying performance statement has been prepared in accordance with the *Local Government Act 1989* and the Local Government (Planning and Reporting) Regulations 2014.

Euroa, Victoria

In our opinion, the accompanying performance statement of the Shire of Strathbogie for the year ended 30 June 2018 presents fairly the results of council's performance in accordance with the *Local Government Act 1989* and the Local Government (Planning and Reporting) Regulations 2014.

The performance statement contains the relevant performance indicators, measures and results in relation to service performance, financial performance and sustainable capacity.

At the date of signing, we are not aware of any circumstances that would render any particulars in the performance statement to be misleading or inaccurate.

We have been authorised by the council and by the Local Government (Planning and Reporting) Regulations 2014 to certify this performance statement in its final form.
